

**The
Walton
Wrestling
Team
Needs Your Support**

The Walton High School Wrestling Team is working hard to be one of the best programs in the State of Georgia. We have finished in the top 10 in the largest school division for 9 of the past 11 years, including state runner-up 3 times. Our youth program is one of the most respected programs in the state that produces multiple state champions and placers every year.

One of the reasons we have been successful is our challenging schedule. We typically travel to Ohio, Florida and Tennessee for tournaments during the season. We also travel to North Carolina during the summer to attend a team competition camp.

Our wrestlers deserve the best. We will have over 50 wrestlers on the high school team and our youth program will have over 100 kids each season. Each wrestler deserves a safe environment, too. We are always looking to improve our facilities and maintain the mats we already have. Reconditioning a mat costs ~\$6500 and new mat costs ~\$8500.

Athletics is an important component of education. There are lessons learned through competition and cooperation during extracurricular activities that cannot be learned in the classroom. Participating in wrestling helps develop strength of character, self-confidence, and reinforces ethics and fair-play. Being a wrestler teaches responsibility and resiliency.

Please help support the Walton Wrestling program by purchasing your meat through us. This is a product you already use, you'll save money, and help our team.

www.butcherschoice.com

All beef, chicken, and pork sold by Butcher's Choice of Atlanta, Inc. is inspected and approved by the USDA first. The Georgia Department of Agriculture inspects the product for a second time along with inspections of our vehicles and our main distribution center. This ensures us that nothing less than the highest quality product will be passed on to our customers.

Now ALL high grade beef only - USDA Choice, Select and Prime ONLY. No tenderizer - PERIOD!

With Butcher's Choice our customers have the convenience of a grocery store meat department at their fingertips every night without paying the penalties. Typical store bought meat has a freezer life of maybe 2 to 3 weeks, then it is usually discarded... this is wasteful and costly! Our commercial grade Cryovac packaging is the key. Each steak is hermetically sealed avoiding excessive exposure to contamination. We guarantee our products to stay fresh and wholesome for one year and our promise is backed by a 12-year Better Business Bureau history.
